## **PLANT TRAINEE OFFER**

If interested please send an email with your CV attached to [tasteyourdreams@mdlz.com](mailto:tasteyourdreams@mdlz.com) including **PLANTAS'22** in the subject and we will get in touch with you!

*At **Mondelēz International**, we are proud, not only of the iconic brands we make, but also of the **people** who make them. Our delicious products are created in **52 plants across Europe** by more than 28,000 passionate people. We are the top maker of chocolate and biscuits and a leading maker of gum and candy. We make sure our powerful global brands and local jewels like **Cadbury, Milka** chocolates, **Oreo, Príncipe, LU** and **Tuc** biscuits, and **Trident** or **Halls** get safely into our customers hands—and mouths. **Great people and great brands**. That's who we are. Join us on our journey to continue leading the future of snacking around the world by offering **the right snack, for the right moment, made the right way**.*

*Mondelēz International is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, sexual orientation or preference, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.*

### **Positions:**

**Research, Development, Quality & Innovation (RDQI):** is where we invent moments of joy. To compete in the global snacking market, we must be a heartbeat away from our consumers – listening and responding to their needs.

**Health, safety and environment (HSE):** You will help to define and review standards and legislation applicable to site, validate design for HSE into projects and modifications, and support defined work processes (e.g. IIM pillar) to improve HSE application and effectiveness.

**Business Development (BD):** Our Business Development team drives business results through their strategic agility and ability to influence. If you are a spirited professional who thrives in a fast-paced environment and brings a whole lot of curiosity, we would love to hear from you!

**Supply & Material Planning (S&MP)** combines both tasks in order to contribute to the achievement of the objectives as well as CSL, in terms of service, stock control and inventories.

**Continuous Improvement (CI)** you will drive and lead projects and initiatives to create a living culture that challenges the status quo and the behaviours of all plant employees.

### **You might be the one we are looking for if...**

- You are enrolled in a **University Engineering Degree** or similar (last year or recent completion)
- You have **strong communication** and **analytical skills**
- You are **proactive** and **autonomous**, willing to **learn** and **passionate**
- You are fluent in **English and Spanish**

This is a fulltime internship that lasts 12 months.

Because, every day, we work in an international environment, the selection process will be mostly in **English**.
